It has resolved itself into the old religious fight between the Mormon and non-Mormon citizens, which we had hoped we had done with forever, and which we don't want renewed.

FIGHT IN THE SECOND.

FOR THE SECOND.

Walker and Cutler Men Were Very

Active Indeed.

In the Second there were four polling places. The most activity was at the places. The places. The most activity was at the places. The places. The most activity was at the places. The most activity was at the places. The places. The most activity was at the places. The places. The most activity was ever, and which we don't want renewed on any terms. We might as well be honest and call things by their right names. Yesterday was a Mormon and Gentile fight. In future we had better let the school elections be on party lines and contest as Democrats and Re-publicans. Both sides are to blame, and both sides had better stop and con-sider where they are at."

(Special to The Herald.) Washington, D. C., Dec. 7. Senator Cannon called at the war department this attennoon and urged the early diamissal of the Utah troops now in the Philippines. The adjutant general assured the senator that the Philippine volunteers would all

lleving regulars, and that they would be discharged in the order of their arrival in the islands. General Corbin also said that the exact date of the return of the volunteers would depend on the convenience of ocean transportation.

Senator Cannon used in his interview a private letter received from an officer now in the Philippines, who said that the islands were 'no place for a white man to live,' and that he 'would prefer a home in helt.'

It is now proposed by the secretary of war to send the first regiment of cogulars to Manila by way of the Mediterranean and the Suez canai. The regiment will probably go by the new troop ship Modile, which is the finest in the world. The war department authorities think it would be well to have three of the ships on the Pacific, and two will probably follow the Mobile by the same route, it is figured that the distance to Manila is about 12,90 miles, and the time of the Journey will be from thirty-three to thirty-sine days, according to the speed made by the vessel. The Mobile, on arrival at Manila, will be employed to transport a volunteer remment to San Francisco.

Private Edwin H. Taylor, troop F. Fourth U. S. cavalry, now at Botse barracks, Idaho, is ordered to be discharged, without honor, from the service.
